# MITRE ATLAS | AML.T0005.000 - Train Proxy via Gathered AI Artifacts

## Entry Information

**ID:**
AML.T0005.000

**Type:**
Sub-Technique

**Name:**
Train Proxy via Gathered AI Artifacts

**URL:**
https://atlas.mitre.org/techniques/AML/T0005/000/

**Parent Technique:**
AML.T0005

**Maturity:**
Demonstrated

**Created:**
2021-05-13

**Modified:**
2025-04-09

## Description

Proxy models may be trained from AI artifacts (such as data, model architectures, and pre-trained models) that are representative of the target model gathered by the adversary.

This can be used to develop attacks that require higher levels of access than the adversary has available or as a means to validate pre-existing attacks without interacting with the target model.
