MITRE ATLAS | AML.T0010.000 - Hardware

Entry Information

ID:
AML.T0010.000

Type:
Sub-Technique

Name:
Hardware

URL:
https://atlas.mitre.org/techniques/AML/T0010/000/

Parent Technique:
AML.T0010

Maturity:
Feasible

Created:
2021-05-13

Modified:
2025-03-12

Description

Adversaries may target AI systems by disrupting or manipulating the hardware supply chain. AI models often run on specialized hardware such as GPUs, TPUs, or embedded devices, but may also be optimized to operate on CPUs.
