MITRE ATLAS | AML.T0031 - Erode AI Model Integrity

Entry Information

ID:
AML.T0031

Type:
Technique

Name:
Erode AI Model Integrity

URL:
https://atlas.mitre.org/techniques/AML/T0031/

Tactics:
AML.TA0011

Maturity:
Realized

Created:
2021-05-13

Modified:
2025-04-09

Description

Adversaries may degrade the target model's performance with adversarial data inputs to erode confidence in the system over time.

This can lead to the victim organization wasting time and money both attempting to fix the system and performing the tasks it was meant to automate by hand.
