MITRE ATLAS | AML.T0057 - LLM Data Leakage

Entry Information

ID:
AML.T0057

Type:
Technique

Name:
LLM Data Leakage

URL:
https://atlas.mitre.org/techniques/AML/T0057/

Tactics:
AML.TA0010

Maturity:
Demonstrated

Created:
2023-10-25

Modified:
2023-10-25

Description

Adversaries may craft prompts that induce the LLM to leak sensitive information.

This can include private user data or proprietary information.

The leaked information may come from proprietary training data, data sources the LLM is connected to, or information from other users of the LLM.
