MITRE ATLAS | AML.T0076 - Corrupt AI Model

Entry Information

ID:
AML.T0076

Type:
Technique

Name:
Corrupt AI Model

URL:
https://atlas.mitre.org/techniques/AML/T0076/

Tactics:
AML.TA0007

Maturity:
Realized

Created:
2025-04-14

Modified:
2025-04-14

Description

An adversary may purposefully corrupt a malicious AI model file so that it cannot be successfully deserialized in order to evade detection by a model scanner. The corrupt model may still successfully execute malicious code before deserialization fails.
