MITRE ATLAS | AML.T0091 - Use Alternate Authentication Material

Entry Information

ID:
AML.T0091

Type:
Technique

Name:
Use Alternate Authentication Material

URL:
https://atlas.mitre.org/techniques/AML/T0091/

Tactics:
AML.TA0015

Maturity:
Demonstrated

ATT&CK Ref:
T1550 https://attack.mitre.org/techniques/T1550/

Created:
2025-10-27

Modified:
2025-11-04

Description

Adversaries may use alternate authentication material, such as password hashes, Kerberos tickets, and application access tokens, in order to move laterally within an environment and bypass normal system access controls.

AI services commonly use alternate authentication material as a primary means for users to make queries, making them vulnerable to this technique.
